Hello MCDA Family,

Elvis Aaron Presley brought so much to the popular music industry and he is celebrated internationally around the world. MCDA adopted our own Elvis and he has been part of our family for decades. He has been all over the country and even survived an abduction by aliens. *full story to be supplied soon.

We find ourselves in crisis. Our beloved Elvis has met with disaster. He requires a major reconstructive procedure to be restored to his former glory.

Kathleen Bhat
